

PROJECT ENGINEERS – PROCESS

Are you looking for a new challenge? Are you passionate about efficiency and food production?

We are seeking expressions of interest for **Project Engineers** who would like to join our team in Melbourne. As a process engineer at Wiley, you will have the opportunity to work on a wide variety of production processes across Australasia's diverse food manufacturing industry. Those with 10 to 15 years experience in designing food processing facilities are encouraged to apply.

THE PERSON

- Experience within the food processing industry, meat or further processing experience highly valued
- Minimum 10 years mechanical engineering experience (in engineering management or project management roles)
- A Bachelor of Engineering is considered advantageous for this role, we are open to a range of specialisations
- The ability to interface and build a rapport with a variety of people
- Successful applicants will have enthusiasm to learn and contribute to the innovation across all aspects of what we do
- Those who join Wiley have a passion for quality, integrity, future focus, a sense of community and exhibit behaviour that empowers those they work with

THE POSITION

- Lead design and engineering of production processes
- Opportunity to manage and be involved directly in the design, construction and commissioning of production lines and facilities
- Manage engineering activities throughout a project's lifecycle
- Opportunity to build and maintain relationships across Wiley and the food industry
- Exposure to estimating, project management and contract administration
- Our engineers are office-based with regular short-term travel required
- You will be joining a team with experience across all areas of food production

THE DIFFERENCE

A fourth generation family company, Wiley lives by the mantra "Create a Better Future". Wiley is an integrated facility solutions business focused on delivering world class food processing facilities. As a multidisciplinary company in a specialist field, there are opportunities to learn a wide variety of skills. To learn more, please visit our website at www.wiley.com.au
