

# INGHAM'S SPRINKLER UPGRADE

## Ingham's Enterprise Pty Ltd

*Ingham's is Australia and New Zealand's leading integrated poultry producer with a long standing reputation for quality and service.*

### FAST FACTS

CLIENT	Ingham's Enterprise Pty Ltd
LOCATION	Murarrie, Queensland
SERVICE	Sprinkler Upgrade
COST	\$1,900,000

### *Business value created for Ingham's*

Ingham's undertook an external risk assessment of their Murarrie facility, which resulted in a requirement for an upgrade to the fire services onsite. Wiley designed and implemented a fully approved sprinkler system which resulted in a reduction in insurance costs for Ingham's.

### *The challenging scope that Wiley delivered*

Wiley implemented the sprinkler upgrade while the processing plant was fully operational. Installation was achieved with no interruption to production. Wiley undertook the design, construction, commissioning and final approvals.

### **Ingham's Project Points**

- Wiley were commissioned to meet with the risk assessment company and provided design for the sprinklers system to satisfy the site deficiencies
- Once the design had been agreed by all parties, Wiley undertook the construction, commissioning and final approval with council, QFRA, the risk assessment company and the client
- Involved all onsite installation and daily coordination with Ingham's management, as the processing plant was still fully operational. Installation was achieved with no interruption to production
- The result was a fully approved sprinklers system and a reduction in insurance costs for the client
