

Saint Joseph's College

Stage 2 expansion

St Joseph's is part of the Brisbane Catholic Education framework, advocating for successful, creative, confident, informed and empowered learners. When the school needed to accommodate the growth in their local community, Wiley was the Principal Contractor brought on to facilitate the expansion.

-  Coomera, Queensland
-  \$9.6M
-  March 20 – December 20
-  Construction

Project scope

The project includes four new buildings and a new car park.

The buildings consist of:

- General Learning Areas (GLAs) and a science room
- Dance and drama rooms
- Music practice rooms
- Dedicated sensory learning areas for music
- Food tech
- IDT and art
- Library
- Amphitheatre
- Student amenities

Business value to client

Wiley collaborated with key stakeholders ensuring construction was coordinated to provide a safe environment for students, staff and construction workers, and to minimise disruption to daily school operations.

Project reference

Paul Begg, Principal, St Joseph's College (at time of construction)

Thanks must be extended to our Stage 2 builders, Wiley Construction and in particular the project and site leadership of Mr Ken Horner & Mr Richard Forbes. Your skills, communication and understanding of the nuances of school operation, professionalism and construction timeliness has been very much appreciated and made the difficult task of building in an operating school environment not only manageable, but enjoyable.
